The following conditions shall be met at all times during the event. The recipient of these conditions shall distribute to any and all participants that these conditions may apply to. Any activity that is not performed within these conditions will be charged a $168.00 per/hr. standby charge back billed to the vendor and may result in the closure of the booth.

**Conditions**

1. **Portable fire extinguishers** - Portable fire extinguishers shall be installed in the following locations. Install a portable fire extinguisher, with a minimum rating of 2A-10BC, for every 75 feet of travel distance. VENDOR AREA: Each vendor shall a minimum of one fire extinguisher per exhibit/sales booth in an accessible area. Extinguishers must have current CSFM service tags affixed; or within one year of from the date of month and year of manufacture.

2. **Electrical Wiring** - Electrical wiring shall be in accordance with the National Electrical Code. This includes but is not limited to the use of UL listed electrical cords, proper protection for circuits, and the use of no more than 1 multi-receptacle device per circuit.

3. **Food Service Areas** - Fire and life safety requirements shall be applicable for all food services areas,
   a. **Flammable & Combustible liquids** - The use, storage and handling of any flammable or combustible liquid shall be subject to approval Location of use and storage of any flammable or combustible liquid shall be noted on the plans prior to approval.
   b. **LPG Cylinders** - The use and storage of portable containers of Liquefied Petroleum Gas (LPG) tents is subject to approval. Location of use and storage of any portable container of LPG shall be noted on the plans prior to approval. All cylinders must be secured to prevent tipping or falling over. Tanks shall be separated from tents by no less than 10’.
   c. **Commercial Cooking** - Commercial cooking shall not be conducted outside of the designated areas and shall be conducted only with approved equipment. Fire department approval shall be obtained prior to use.
   d. **Cooking Separation** - Designated cooking areas shall be separated by not less than 10’ from non-cooking booths and 20’ from tents.

4. **Generators** - Generators and other internal combustion power sources shall be separated from temporary membrane structures and tents by a minimum of 20 ft. and shall be protected from contact by fencing, enclosure, or other approved means. Fire Extinguishers rated not less than 2A-20BC shall be located adjacent to the generators in case of fire.
5. **Tents**- All tents shall meet all of the following requirements at all times.
   a. **Detailed Site Plan**- Tents in excess of 400 square feet shall obtain specific approval from the fire department. Detailed interior site plans shall be provided where a tent has a potential occupant load of over 50 persons on ever tent within this criteria. The floor plan shall include a detailed means of egress plan, seating capacity, arrangement of the seating and location and type of heating and electrical equipment.

   b. **Tent locations**- Tents shall not be located within 20 feet of lot lines, buildings, other tents, parked vehicles, or internal combustion engines. Any guy wires or ropes shall be considered part of the tent. Cooking tents and outdoor cooking shall not be located within 20’ of other tents. There shall be no combustible waste or vegetation located within 30’ of any tents.

   c. **Exits**- Exits shall be provided to where all points are 100 feet or less from an exit. Exit signs shall be provided at all exits where the occupant load exceeds 50.

   d. **Flame Retardant**- All tents shall be affixed with the California State Fire Marshal tag or certification shall be provided that the tent has been treated by a licensed applicator with a CSFM listed flame retardant.

   e. **No Smoking signs**- Smoking shall not be permitted in tents, canopies or membrane structures. Approved “No Smoking” signs shall be conspicuously posted in accordance with Section 310.2404.6.

   f. **Fire Extinguishers**- Fire extinguishers shall be located at least 1 for the fire 1,000 sq. ft. and one additional for each additional 2,000 sq. ft.

   g. **Flammable & Combustible Liquids**- Flammable and combustible liquids shall not be stored within 50’ of any tents and any equipment using flammable or combustible liquid shall not be located inside of any tent. Any fuel refueling shall not be located within 20’ of any tent.

   h. **Combustible Materials**- Hay, Straw, shavings, or similar combustible material shall not be located within any tent or membrane structure containing an assembly occupancy, except the materials necessary for the daily feeding and care of animals. Sawdust and shavings utilized for a public performance or exhibit shall not be prohibited provided the saw dust and shavings are kept damp. Combustible materials shall not be permitted under seats at any time.

Doug Bloom  
Assistant Fire Marshal

If any of the conditions are unclear, difficult to understand, or you would like to set-up a meeting please feel free to contact me at (951) 674-3124 Ext. 225 so that I can better assist you in the approval of this project.

I have received these conditions and fully understand the requirements set forth by them.
