

Neighbors of Lake Elsinore, my name is Edwin Castro. Since the age of 16 I have been a community advocate and worked tirelessly to spread the word on diversity and community engagement. During my time living in North San Diego, I had the opportunity in April of 2014 to serve as a City Commissioner for the City of Escondido. Thanks to this new responsibility I was appointed and now currently the Community Ambassador and Development for Wells Fargo Bank representing the greater San Diego area. It's during this time meeting hundreds of community members and having many conversations on what they wish to see change, I realize not enough is being done. I am saddened to say that the same conversations are happening in my community. With this issue in mind, I am committed to work on engaging our community and to seek out all backgrounds that need a voice. I want to encourage a diverse leadership team for the City of Lake Elsinore. I'm looking forward to continue meeting more members of our city and it would be an honor to have the opportunity to represent our wonderful community.
