

With the support of family and residents, it is with deep appreciation and great humility that I once again seek election as your Council Member.

Our city faces many challenges in an era filled with opportunities. It is more important than ever that we elect leaders that have experience, a clear vision for the future, and the fortitude to keep us moving in the right direction. As your Council Member I have held to a very simple set of principles.

Keep our City safe.

Keep our City prepared for new opportunities.

Keep our residents' interests first.

As the last economic cycle blossomed, our city positioned itself as a destination for new industries and recreational opportunities. With balanced planning, efficient use of resources, and an improved economic base we have added to city services, attracted jobs, enhanced our parks, repaved roads, and improved home values.

I believe Lake Elsinore has unmatched potential in our region. We have come a long way over the past four years. By working together we will continue to unlock Lake Elsinore's potential and enjoy living in THE premier community in the Lake Elsinore Valley.

I appreciate your consideration and look forward to your support.
