

**LAKE ELSINORE
COMMUNITY EMERGENCY RESPONSE TEAM
(CERT)
APPLICATION PACKET**

Local government prepares for everyday emergencies. However, during a disaster, the number and scope of incidents can overwhelm conventional emergency services. The Community Emergency Response Team (CERT) program is an all-risk, all-hazard training. This valuable course is designed to help you protect yourself, your family, your neighbors and your neighborhood in an emergency situation.

CERT is a positive and realistic approach to emergency and disaster situations where citizens may initially be on their own and their actions can make a difference. While people will respond to others in need without the training, one goal of the CERT program is to help them do so effectively and efficiently without placing themselves in unnecessary danger. In the CERT training, citizens learn to:

- Manage utilities and put out small fires
- Treat the three medical killers by opening airways, controlling bleeding, and treating for shock
- Provide basic medical aid
- Search for and rescue victims safely
- Organize themselves and spontaneous volunteers to be effective
- Collect disaster intelligence to support first responder efforts

WHY DO THE CERT TRAINING?

Well, it's like paying for car insurance. You might never need either; you'd hope not to. But if the occasion arises, having the CERT training, just like having car insurance, means you're as ready as you can be to help yourself, your family and your neighborhood.

We thank your interest in obtaining CERT training and appreciate your diligent commitment to making our community ready, safe and resilient!

Sincerely,

Rick De Santiago
Emergency Services Coordinator
City of Lake Elsinore

PROGRAM OVERVIEW

The Lake Elsinore CERT Program (free of charge) was developed because of the need for a well-trained civilian emergency work force. The CERT Program provides for community self-sufficiency through the development of multifunctional response teams who act as an adjunct to the city's emergency services during major disasters.

When emergencies happen, CERT members can give critical support to first responders, and provide immediate assistance to victims. CERT members can also assist with non-emergency projects that help improve the safety of the community.

Through this unique program, people from community organizations, business and industry, and city employee groups will become CERT members. They work as team members and perform as individual leaders by directing untrained volunteers in the initial phase of an emergency.

To become a CERT graduate, you must complete the 17-1/2 hour course (Level 1). Level 1 training is taught by professional experienced firefighters, paramedics and trained volunteers. The course is followed by continuing education programs, including classroom and field refresher training events to enhance and reinforce the CERT members education.

LEVEL 1 SYLLABUS

CLASS 1 - INTRODUCTION, EARTHQUAKE AWARENESS

Registration
Introduction
Earthquake Threat in Southern California
Personal & Family Preparation
Nonstructural Hazard Mitigation

CLASS 2 - DISASTER FIRE SUPPRESSION TECHNIQUES

Fire Chemistry
Fire Extinguisher Use
Utility Control
Creative Firefighting Techniques
Hazardous Materials / Placarding

CLASS 3 - DISASTER MEDICAL OPERATIONS (SESSION 1)

Recognizing Life-Threatening Emergencies
Treating Life-Threatening Emergencies
Triage

CLASS 4 - DISASTER MEDICAL OPERATIONS (SESSION 2) AND MULTI-CASUALTY INCIDENT

Head-to-Toe Evaluation
Treating Non-Life-Threatening Emergencies
Treatment Area Management

CLASS 5 - LIGHT SEARCH & RESCUE OPERATIONS

Evacuation
Search Techniques
Rescue Methods / Cribbing

CLASS 6 - TEAM ORGANIZATION & DISASTER PSYCHOLOGY

Developing a Response Team
Incident Command System "ICS"
Psychological "Size-Up"

CLASS 7 - TERRORISM & HOMELAND DEFENSE

History of Terrorism
Do's and Don'ts During a Terrorist Act
Homeland Defense Tips
