

The City of Lake Elsinore is film friendly! Our team has partnered with the Riverside County Filming Commission to promote our City and all the great locations the City has to offer. The City would like to invite you to be a part of this new partnership.

YOUR PROPERTY IN A STARRING ROLE

While a large percentage of entertainment is filmed on soundstages in Culver City, Hollywood, Los Angeles, and the San Fernando Valley, the images you see on movie and television screens don't all come from studio lots. From natural landscapes to historical landmarks, from public spaces to private homes, the entertainment industry is always looking for unique locations.

Why rent your property to the Film Industry? The Film Industry will pay you for use of your property. Productions create other benefits as well; property improvement, promotional opportunities, and regional economy.

We've attached some of the productions that have filmed here in Lake Elsinore, check out the LE Hall of Fame Sheet! It would be great to have your property be the next one!
