

Improving your roads in Lake Elsinore.

The Gas Tax.

I-15 Railroad Canyon Road Interchange
LAKE ELSINORE

Transportation Connects Our Lives

Going to work. Taking your children to school. Shopping for groceries. Visiting family and friends. Attending sporting events. Riding your bike. Seeing your doctor. Walking your dog. These day-to-day activities connect us to what's important, and they require a transportation system that works in Lake Elsinore.

Whether we travel by car, train, bus, bicycle or on foot, an efficient and well-maintained transportation system benefits the City of Lake Elsinore. The better our infrastructure, the better our quality of life. Just as repairs to your home or vehicle have to be made, maintaining our transportation infrastructure is equally important.

Funds for Transportation Infrastructure

The Gas Tax, or Senate Bill 1 (SB 1), is the Road Repair and Accountability Act of 2017, which was approved by California's Legislature in April 2017. The Gas Tax generates funds for our transportation infrastructure through increased gasoline taxes and annual vehicle fees. It began to provide funds to cities and counties in November 2017.

Protection for Transportation Revenues

The passage of Proposition 69 on June 5, 2018 provides constitutional protection for transportation revenues generated by the Gas Tax. The State Legislature and Governor are prohibited from borrowing or diverting Gas Tax funds for uses other than transportation.

What the Gas Tax Provides for Lake Elsinore

The City of Lake Elsinore is expected to receive more than \$1 million per year in Gas Tax revenue, which nearly doubles the City's funding for transportation maintenance and upgrades. In Lake Elsinore, the Gas Tax is currently funding projects to rehabilitate and improve local roads. The Gas Tax will also provide \$15 million to the Interstate 15/Railroad Canyon Road Interchange.

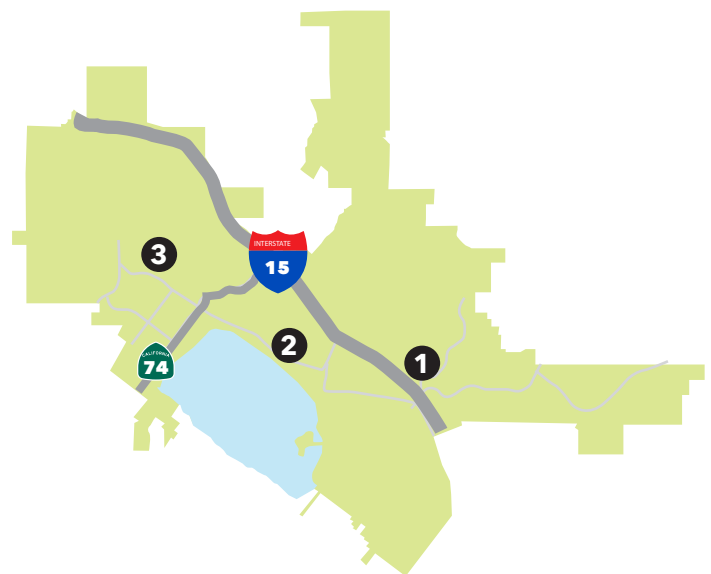

Highlighted Lake Elsinore Projects

Shown here are the Gas Tax projects planned in the City of Lake Elsinore in 2018 and 2019. For a full list of projects funded by the Gas Tax, visit rebuildingca.ca.gov/map.html.

- 1** Interstate 15/Railroad Canyon Road Interchange – New lanes on Railroad Canyon Road, new on and off ramps, and construction of auxiliary lanes on Interstate 15
- 2** Graham Avenue between Heald Avenue and Lakeshore Drive and Silver Street between Lakeshore Drive and Graham – Roadway maintenance and rehabilitation
- 3** Lincoln Street from Riverside Drive to Rice Canyon Elementary School – Street improvements

In addition to projects like these, the Gas Tax provides funds for the Freeway Service Patrol roadside assistance in western Riverside County, Metrolink commuter train service, and local bus service county-wide.
