- Website: [www.lake-elsinore.org](http://www.lake-elsinore.org)

**WHAT:** The 2019 Super Bloom in Walker Canyon, which is attracting hundreds of thousands of visitors to the City of Lake Elsinore and causing significant traffic congestion on Interstate 15 and surrounding roadways.

**WHO:** Press conference will begin promptly at 11:30 a.m. Interview opportunities will follow.

- *Michael Lujan, Police Chief, Lake Elsinore Sheriff's Station*
- *John Tyler, Riverside CHP Area Commander, Captain, California Highway Patrol*
- *Steve Manos, Mayor, City of Lake Elsinore*
- *Dustin McLain, Chief Parks & Resources, County of Riverside Parks*
- *Catalino Pining, Deputy District Director of Operations, Caltrans*
- *Juan Perez, Assistant CEO - TLMA Director, County of Riverside Department of Transportation*
- Other related officials and agencies will be present to answer individual questions.

**WHY:** City, County, Transportation and Public Safety personnel have been working together this week to create a unified approach to addressing the increasing challenges related to this year's Super Bloom. This includes increasing available resources and support, implementing additional traffic control measures, increased enforcement, expanded public notices, and improved access plans that ensure the overall safety of those visiting Walker Canyon while also reducing the impact to residents.

**OTHER:** **This event is for media only.** Due to space, community members will not be allowed. However, the press conference will be broadcast live, recorded, and posted for viewing by the community.
