

With the urging and support of family and many residents, it's with deep appreciation and humility that I once again seek election as your City Council Member.

Our city faces many challenges in uncertain times. It is important that we elect leaders that have experience, a clear vision for the future, and the fortitude to move us in the right direction. As your Council Member, I would hold to a simple set of principles.

Keep our city safe.

Keep our city clean and well-maintained.

Keep our residents' interests first.

As our city emerges from yet another significant crisis, we must position ourselves as a destination for new industries and opportunity. With balanced planning, efficient use of resources, and an improved economic base we can add city services, keep local jobs, and progress our community.

I believe Lake Elsinore has unmatched potential in our region. We have come a long way in the 33 years I've been a resident and over the past 8 years I've served as your Mayor and Councilman. By working together we will continue to unlock Lake Elsinore's potential and enjoy living in THE premier community in the Lake Elsinore Valley.

I appreciate your support.
