

## **Marvin Andrade | Small Business Owner**

Having lived in Lake Elsinore for most of my life and attended its public schools, I'm deeply invested in our community's future. With degrees in Political Science and International Studies from the University of California San Diego, I believe in thinking globally and acting locally.

Our city's rapid growth has exposed serious challenges. While continued growth is inevitable, it must be sustainable. We need well-lit streets, more sidewalks, effective traffic solutions for Central Ave, and policies that reduce our vulnerability to brush fires. I'm committed to making Lake Elsinore safer and more livable for everyone.

I've dedicated my career to organizing across California, helping elect a diverse coalition of leaders who reflect our community's values. I take pride in connecting with residents—listening to their needs and ensuring their voices are heard in the halls of power. Among my proudest achievements are contributing to efforts that successfully brought underrepresented voices, including one of the only single mothers and also the youngest woman to serve in Congress from our state, into leadership positions.

I'm running to be a voice for the working class and ensure all of us have a fair chance to thrive. It would be a privilege to earn your vote. More Info: [MarvinAndrade.com](http://MarvinAndrade.com)
